7. Notes from MassDOT meeting:

Donny Dailey
Andrew Valcovic

BHA

Replacing all of the signal equipment and retiming the crossing
Morton EB right turn lane
Removing the slip lane next to the PD
Sidewalk bump outs
Consolidating bus stops on Morton ST WB
Floating bus stops on BHA, bike lanes go behind the bus stopS
Losing 7 spaces on the slip lane

Morton

Removing the Center median between Cortland and Harvard
Restricting the left turn onto Courtland
Sidewalk bumpouts at RRFB at Courtland Road
Relocating bus stops from Harvard St intersection to Courtland/Havelock
Losing 7 parking spaces as a result of the bus stop relocation

Harvard Intersection

Complete re-do of signal equipment
Medians removed in order to provide left turn lanes
Dedicated bike lanes

Tom Maimone

Fall 2020 there's going to be a LOT of work, but not the new signals or new lanes
Spring of 2021 is the rest of the project.
Project over by 4th of July
Work starting on Monday September 21! Not much going on for the first few weeks though.
M-F 7am-3:30pm normal wrk hours, lane closures will not happen between 6am and 9am and 3pm and 6pm.
They'll always maintain at least one lane of travel in each direction
They will reach out to you when they're working in front of your house.

Carl McKenzie

How are people who live on Courtland Street going to get to their houses?
