Zoom Meeting

## Agenda

3. Morton/Gallivan Traffic Study
  - i. A concern at the W. Selden St. & Vicinity Neighborhood Association (WSSVNA) on Monday, February 22nd was a resident that mentioned about traveling east on Morton Street near the fire station toward Washington Street in the Lower Mills district. A vehicle traveling west on Morton Street blocked her travels at Norfolk Hardware because they needed to take a left on to Woodmere Street to enter the Boston Housing Authority Gallivan Development. Two streets Woodgate and Woodmere Streets both enter on to Morton Street exiting the development. Woodgate Street should be a two way street to allow traffic to enter and exit Morton Street before the traffic lights near the fire station to avoid any accidents.
